OlyLife Tera-P90

HK\$7,800

Activates cells and energy. Promotes microcirculation and metabolism. Dredges meridians. Removes cold, dampness and waste. Burns fat and sculpts. Relieves inflammation, pain and fatigue.

Our flagship device

What is OlyLife Tera-P90?

OlyLife THz Tera-P90 is a device designed to harness the power of bioelectromagnetic therapy to support cellular functions and promote general wellness. The OlyLife THz Tera-P90 stands out due to its unique combination of bioelectromagnetic and terahertz energy, each offering distinct yet complementary health benefits.

Bioelectromagnetic Energy: Operating at 1 MHz, this high-intensity energy transfer acts on various parts of the body, heating tissues from the inside out to promote metabolism. This mode facilitates cell-to-cell interaction and supports cellular functions, essentially functioning as a cellular charger that boosts energy. By mimicking the Earth's natural pulse magnetism, bioelectromagnetic therapy helps maintain the body's electromagnetic field and revitalizes cellular activity.

Terahertz Energy: Utilizing a focused band of 3-3000 $\frac{1}{4}$ m, known as the "light of life," terahertz energy resonates synergistically with body molecules to improve microcirculation. Its impressive penetrating power reaches 4-5 cm under the skin, enhancing cellular interaction and improving overall tissue health.

Functions

- Activates “ cells, energy
- Promotes “ microcirculation and metabolism
- Dredges “ meridians
- Removes “ cold & dampness, waste from the body
- Burns “ fat and sculpting
- Relieves “ inflammation, pain, fatigue

Product Features

- **1 MHz Electromagnetic Energy:** This high-frequency energy provides stronger penetrating power, delivering more energy for better effects.
- **Bioelectromagnetic Energy:** Through the energy plate, magnetic energy is efficiently transmitted throughout the body, ensuring a comprehensive experience.
- **Safe and Secure:** Designed with user safety in mind, the device ensures a secure treatment experience without adverse effects.
- **Effective:** The dual energy modes work synergistically to maximize health benefits, promoting effective and sustained improvements in cellular health and overall well-being.

OlyLife Shaken Massager

HK\$7,800

Fat burning, body contouring and core strengthening – powered by ultrasound, red light, vibration, RF, massage, heat and PEMF. Dual-screen interface, foldable body, skin-friendly material.

Sculpt · Massage · Thermal

What is OlyLife Shaken Massager?

ShakenMassager: Intelligent Body Sculpting. Achieve your body goals while you sit. The ShakenMassager integrates 7-in-1 technology – including Ultrasound, RF, and PEMF – to precisely target fat and tone your core without affecting surrounding tissues.

Pair with Oly Watch for an AI-driven, personalized experience. Real-time data sync allows the system to auto-adjust modes and intensity, delivering a customized fat-reduction plan tailored to your body. Smart, efficient, and fits seamlessly into your office or leisure time.

OLY-HCA002A

OlyLife THZ Tera-P90+

HK\$11,700

The main device combining PEMF and Terahertz technology, Frost Age beauty device (RF + EMS), and Revitaluxe massager (3-in-1 magnetic fusion, EMS & TENS, red light).

PEMF & Terahertz

What is Olylife THZ Tera-P90+?

In the realm of advanced wellness technology, the OlyLife THZ Tera-P90+ stands as a beacon of innovation. This multifaceted device is meticulously crafted to cater to various aspects of your well-being, blending cutting-edge PEMF (Pulsed Electromagnetic Field) Integrated Technology seamlessly into its core. Comprising the main device, the Frost Age Beauty Device, and the Revitaluxe Massager, the P90+ is your all-in-one solution to wellness, relaxation and beauty.

Function

- **The Main Device (PEMF & Terahertz Technology):** At the heart of the OlyLife THZ Tera-P90+ lies its main device, boasting the power of PEMF and Terahertz technology. This dynamic duo collaborates to promote your general wellness, revitalize your body, and dredge the meridian.
- **Frost Age Beauty Device (RF and EMS):** The Frost Age Beauty Device takes on the mantle of an anti-aging warrior. Integrating Radio Frequency (RF) and Electrical Muscle Stimulation (EMS), it becomes your go-to solution for combating the signs of aging. RF dives deep to enhance skin elasticity, while EMS engages your muscles and tightens your skin.
- **Revitaluxe Massager (3-in-1 Magnetic Fusion, EMS & TENS, Red Light):** The Revitaluxe Massager is a masterpiece of versatility. With its 3-in-1 magnetic fusion, featuring pulsed electromagnetic, static magnetic, and rotating magnetic fields, it offers a comprehensive massage experience. Coupled with EMS & TENS technology and red-light therapy, this massager doesn't just relax your body; it also promotes hair and scalp health.

Product Features

- The world's first PEMF Integrated Technology
- **20-Level Intensity Control:** ensures a personalized experience, adapting to individual impedance and energy perception.
- **Upgraded foot pedal design:** suitable for individuals up to shoe size 47
- **Infrared remote control:** wireless is more convenient
- **Upgraded safety:** with fuse protection
- **Additional dual-handle:** Frost Age Beauty Device and Revitaluxe Massager

OlyLife Galaxy G-One

HK\$3,900

A smart eye massager with low-frequency PEMF technology â€” 3 key features, 4 unique technologies and 7 eye-care modes, in a foldable, lightweight design.

Smart Eye Care

What is OlyLife Galaxy G-One?

The GALAXY G-one, a smart eye massager designed to elevate every aspect of your eye care routine. Experience the advanced eye comfort technology with low-frequency PEMF technology, featuring 3 key features, 4 unique technologies, and 7 eye care modes.

The GALAXY G-one is easy to operate with a single button, providing intelligent care and adjustable settings for your comfort. Its foldable and lightweight design makes it perfect for on-the-go use, ensuring you can care for your eyes anytime, anywhere.

Functions

- Relieve eye fatigue
- Relieve dry eyes
- Reduce dark circles and eye bags
- Supporting overall eye health

Product Features

- **1 Core Advantage:** Low-frequency pulsed electromagnetic field (PEMF)
- **3 Key Features:** Six-zone 3D airbag kneading, intermittent low-frequency vibration massage and graphene 42Å°C constant temperature warm compress.
- **4 Unique Technologies:** Bionic ultra vision technology, portable full-fit technology, barrier-free usage system and recombinant protein weaving technology.
- **7 Eye Care modes:** Full function massage, kneading and heat compress, kneading and vibration, vibration and heat compress, kneading, vibration and heat compress mode.

OlyLife A9 Smart Anion BamaAir

HK\$3,900

A revolutionary anion air purifier inspired by the negative-ion-rich air of Bama, the "longevity village" â€” HEPA filtration, 3 modes, natural light and soothing music, app-controlled.

Bama Anion Air

What is OlyLife A9 Smart Anion BamaAir?

A9 Smart Anion BamaAir, the revolutionary air purifier is designed to bring you the purest, cleanest air possible, allowing you to experience the numerous health benefits associated with high concentrations of negative ions. Inspired by the remarkable negative ion levels found in Bama, Guangxi, also known as the "longevity village," our device is meticulously crafted to replicate and enhance the exceptional air quality of this renowned region.

With A9 Smart Anion BamaAir, you can transform your living space into a sanctuary of purity, where each breath you take is an invigorating dose of vitality. Discover the power of air anions and unlock the true potential of your well-being.

Function

A9 Smart Anion BamaAir is an advanced air purifier that utilizes negative ions to create a clean and healthy environment. It effectively filters out harmful pollutants like dust and allergens, ensuring fresh and pure air. The high concentration of negative ions promotes relaxation, reduces stress, and improves sleep quality. It also enhances mental alertness and cognitive function. The device brings the health benefits associated with air anions, such as combating pollution and promoting longevity, directly to your space. With user-friendly controls and a sleek design, A9 Smart Anion BamaAir is a convenient and efficient solution for purifying the air you breathe, improving your overall well-being.

Product Features

- **High Concentration Anions:** 200 million/cm³
- **Air purification:** HEPA filter
- **Multifunctional:** 3 Modes (Auto, Sleeping, Anti-mosquito), 7 Natural Light, 14 Soothing Music Tracks
- Real-Time Display of Time and Temperature
- **Smart & User Friendly:** Simple Control Panel & Support Phone Apps Controlled

OLY-TPC002

OlyLife H+ Bar

HK\$4,680

An advanced water bottle producing hydrogen water with MRET low-frequency resonance technology – antioxidant, portable and convenient, anytime, anywhere.

Hydrogen Water – MRET

What is OlyLife H+ Bar?

The H+ Bar is an advanced water bottle with two key functions: producing hydrogen water and utilizing MRET low-frequency resonance technology. Hydrogen water is regular drinking water infused with dissolved hydrogen gas (H₂), which is believed to have antioxidant properties. In the body, hydrogen enzymes break down the hydrogen into active hydrogen atoms, which neutralize reactive oxygen free radicals, converting them into harmless water and supporting internal balance.

Additionally, MRET low-frequency resonance technology breaks down large water molecular clusters into smaller ones, transforming the water from a clustered arrangement into a linear structure, making it more easily absorbed by cells. The H+ Bar is also portable and convenient, allowing you to enjoy hydrogen water with MRET technology anytime, anywhere.

Functions

- Antioxidant properties
- Neutralize free radicals
- Support balanced bodily function
- Contribute to healthier skin
- More refreshing water
- Strong penetrability
- Safe and reliable

Product Features

- **Dual-chamber Design for Hydrogen Production and Hydrogen Dissolution** – Zero pollution, safe and reliable.
- **Enhanced Proton Exchange Membrane (Dry Membrane)** – High stability, durable for long-term use.
- **Proprietary Pressure Injection Hydrogen Dissolution Technology** – High efficiency, high concentration, zero pollution.
- **Universal Hydrogen Production** – No temperature limits, applicable to all types of beverages.
- **MRET Low-Frequency Resonance Technology** – Activates water molecules, highly effective hydration.
- **Unique Appearance Design** – Heat-resistant and non-slip, optimal grip.
- **Waterproof Design** – Resistant to short circuits, durable and long-lasting.

OLY-TPC003

OlyLife Vitality Wand

HK\$4,680

Empowered with ultra-long waves and stronger biological energy waves – uniform, consistent pressure through controlled airflow, one-click operation and a hands-free intelligent stand.

Portable Terahertz

What is OlyLife Vitality Wand?

The Vitality Wand is empowered with ultra-long waves and stronger biological energy waves to provide a unique session experience. It provides uniform and consistent pressure through controlled airflow. With its intuitive one-click operation, you can easily select your desired temperature for personalized comfort.

The intelligent stand allows for hands-free use, ensuring convenience during the session. Using the Vitality Wand will dissipate fatigue in a breeze.

Functions

- Support healthy microcirculation
- Detoxification
- Removal of cold and dampness
- Dredge meridians

Product Features

- **Terahertz Waves:** A unit of frequency, 1 THz (1000 GHz), corresponds to a wavelength ranging from 3 to 3000 micrometres.
- **PEMF Ultra-long Waves:** A type of low-frequency alternating magnetic field that penetrates deeply into the body.
- **Thermal Energy Transfer:** It helps to relieve pain, relax muscle, alleviate inflammation and increase tissue flexibility.
- **Air Massage:** It is a technique that uses controlled airflow to apply uniform and consistent pressure to the body. This method offers standardized, flexible service with persistent application, ensuring hygiene assurance throughout the process.
